HITLER HOLDING UP ACTION IN BULGARIA: BELIEVED WAITING FOR SPEECH BY M. MOLOTOV

Salonika As The Objective Of German Land Drive

WHILE THE SILENT NAZI INVASION OF BULGARIA BY INFILTRATION IS NOW WELL ON ITS WAY AND ALTHOUGH EVERYTHING IS READY FOR THE FINAL MILITARY MOVE, HERR HITLER, FOR SOME UNEXPLAINED REASON, IS HOLDING UP THIS ACTION, STATES A MESSAGE FROM SYDNEY.

IN SPECULATING ON THIS DELAY, POLITICAL QUARTERS THINK THAT HITLER IS WAITING FOR THE SPEECH WHICH THE SOVIET PRIME MINISTER AND FOREIGN COMMISSAR, M. MOLOTOV, IS EXPECTED TO MAKE TODAY.

In the meantime, reports from SWITZERLAND state that a large number of German naval personnel have arrived in ITALY to take over the Italian Navy to assist the German land drive through Bulgaria with SALONIKA as the objective.

Sarajoglu's Statement Welcomed In London

LONDON, Feb. 24 (Reuter).—The statement by M. Sarajoglu, the Turkish Foreign Minister, that Turkey could not remain indifferent to foreign activities in her zone of security and would offer armed resistance to total aggression against her territorial integrity and independence, is welcomed in London, where this definition of Turkey's attitude is regarded as a valuable and timely affirmation of that country's determination to carry out her existing treaty obligations.

It is recalled that at the time of the signing of the Turkish-Bulgarian Pact, attention was drawn in London to the safeguarding clause it contained, regarding existing obligations.

M. Sarajoglu's reaffirmation of Turkey's policy is likely to have an excellent effect in the Balkan countries.

CHURCHILL'S VISITORS

LONDON, Feb. 24 (Reuter).—Mr. Winston Churchill, Prime Minister, saw the Turkish Ambassador, Greek Minister and the Japanese Ambassador today.

DANES DISGUSTED WITH LINDBERGH

BATAVIA, Feb. 24 (Reuter).—Danes in Java cabled to Colonel Lindbergh: "Scandinavians used to have a good name but you of Scandinavian blood spoiled it by open egotistical sympathy with Nazi gangsters."

"Therefore, we Danes abroad are disgusted with you."

"The new good world will indeed arise, thanks to Britain and U.S.A. but never on the foundations of lies, corruption and Nazi immorality."

It is considered by military observers that if the move resolves into a race for Salonika, the British will get there first as the Imperial Army of the Nile could easily be transported by sea quicker than the German troops can reach their objective through Bulgaria. (Special)

FATAL WEEK

LONDON, Feb. 24 (Reuter).—All indications are that this will be the fatal week for Bulgaria, states The Times correspondent in Sofia.

German troops began crossing the Danube in several places on Friday at Russe and Mikkipol. These groups are reported to be numerous but on Saturday the German penetration stopped and even the pontoon bridges were lifted.

No reliable information can be found for this sudden postponement of German action already begun.

Some Sofia diplomatic sources, however, are inclined to believe the Germans are making another "propaganda campaign" in order to put pressure on the Greeks before actually marching into Bulgaria.

SUPPLIES ORDERED

Large quantities of beans, potatoes, bread and wine are ordered for the next week at several strategic points in southern Bulgaria, which means by that time the Germans are expected to have crossed the Balkan Mountains.

Once Bulgaria is occupied, the German High Command will have to decide what are to be its operations against Greece, and if need be, against Turkey and against Yugoslavia as well.

Meanwhile, in Sofia, the arrival of German forces is awaited with nervousness mixed with a strange feeling of relief that the crisis is at last drawing to an end.

COMPLETE APATHY

The war of nerves has been successful in Bulgaria. It has almost paralysed independent and political thinking and brought on a state of complete apathy in many influential political figures.

It is more than obvious the occupation is resented by an overwhelming majority of the population, including pro-Axis elements.

The morale of reserve troops, which have been called up, is bad. M. Itwen, one former Interior Minister, protested to Parliament last week against mass mobilisation, saying: "Arms are now being given to future revolutionary armies."

He was not exaggerating the seriousness of the situation.

M. CAMPINCHI DEAD

The death is announced of M. Cesar Campinchi, who was Navy Minister in the French Cabinet up to the time of France's collapse, states a London message. (Special)

Preparations For Attack On Greece Proceeding

ANKARA, Feb. 24 (Reuter).—German preparations for attacking Greece through Bulgaria are going ahead speedily, according to reports reaching here.

These suggest that German troops, after crossing the Danube, would move through the Struma and Mesta Valleys, reaching the Greek frontier at Atula, some 75 miles from Salonika.

BRIDGES STRENGTHENED

Bridges in Western Bulgaria have been strengthened to carry loads of 20 tons, leading the belief the Germans may be planning to use fast tanks, add the reports.

IT IS CONSIDERED POSSIBLE THE GERMANS WOULD ALSO SEND TROOPS TO SILVIO, SOUTH-EAST OF TRNOVO, WHERE THEY WOULD BE IN THE REAR OF THE MAIN BULGARIAN TROOP CONCENTRATIONS ALONG THE TURKISH BORDER.

MENZIES TO ATTEND WAR CABINET

During his visit in London, Mr. R. G. Menzies, the Australian Prime Minister, will attend meetings of the War Cabinet, states a London message. (Special)

61ST RAID ON CALAIS

Royal Air Force attacks on Sunday night were continued to the invasion ports of Calais, which has its 61st raid, and Boulogne, which was visited for the 74th time.

The attacks were carried out by medium forces of bombers, states a London message. (Special)

Today's News Summary

THE SUDDEN HOLDING UP of German action in Bulgaria is thought to be due to the fact that Hitler is waiting for the speech by the Soviet Foreign Commissar which is to be made today. Meanwhile, preparations for an attack on Greece through Bulgaria are proceeding speedily and it is reported that Salonika will be the objective of the German land force.

SATISFACTORY PROGRESS by British forces on all fronts in Africa is reported in the latest communique issued from Cairo. Thousands of Jews are fighting with the British in the Middle East while in Africa the Free French forces include units of the famous French Foreign Legion.

ANOTHER DENUNCIATION of the Versailles Treaty marked the speech by Herr Hitler in the Munich beer cellar yesterday on the occasion of the 21st anniversary celebration of the founding of the Nazi Party.

THE ARMISTICE in the dispute between Thailand and Indo-China has been extended for two weeks according to an official announcement from Tokyo.

SIR FREDERICK BANTING, the discoverer of Insulin, is reported missing in a plane with two other doctors in Canada.

DISCOVERER OF INSULIN MISSING

Sir Frederick Banting, the discoverer of Insulin, is missing, according to an Ottawa report quoted in a London message.

The plane in which Sir Frederick was travelling with two other doctors, did not arrive at its destination and might have come down on the east coast of Canada.

A widespread search is going on. (Special)

21st Year Of Nazi Party

VERSAILLES TREATY AGAIN DENOUNCED BY HITLER

"I have studied the Versailles Treaty as no other man did. I have learned it by heart from beginning to end and from end to beginning."

Thus declared Herr Adolf Hitler in the famous Munich beer cellar in Berlin yesterday when he addressed old members of the Nazi Party in celebration of the 21st anniversary of the birth of the Party, states a London message. (Special)

A single swastika flag and "brood banner" of the beer cellar "putsch" were the only decorations in the hall, adds Reuter.

Gauleiter Wagner opened the proceedings and Hitler began to speak at 3.15 p.m. G. M. T.

REVIEW OF MOVEMENT

The first part of the speech was, as is customary, taken up with a review of the history of the Nazi movement and denunciation of the Versailles Treaty.

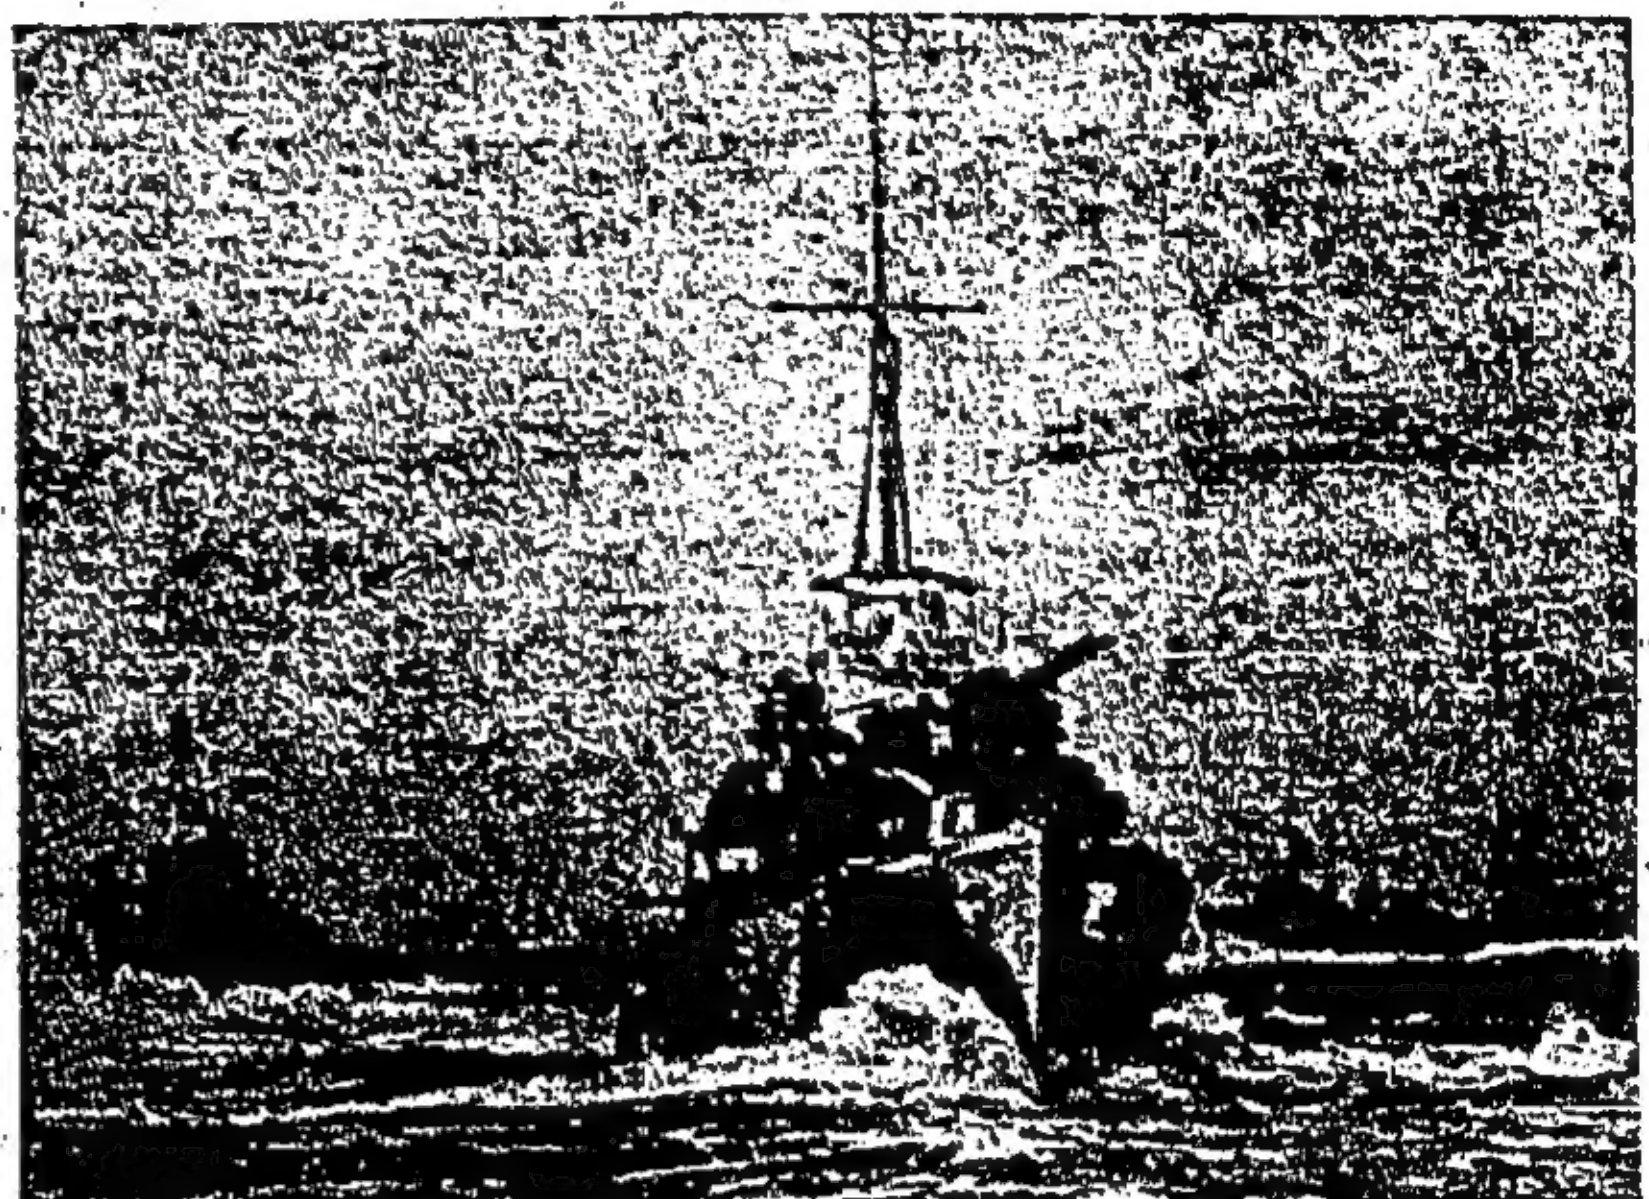

"It is seldom that a politician can face the same audience 21 years after he first addressed it to repeat the same programme he presented on the day of the foundation of the party," exclaimed the German Fuehrer.

The speech was broadcast from all German stations and relayed to Italy, Bulgaria, Rumania, Yugoslavia, Finland and Switzerland.

ESSENTIAL FOR MODERN WAR

Remarkable results have been obtained in the production of optical instruments for the fighting forces in Australia, states a message from London.

This form of production includes the manufacture of scientific instruments essential for modern warfare. The technical knowledge of German refugees has proved invaluable in building up this new industry. (Special)

BRITISH DESTROYERS IN MEDITERRANEAN

British warships have been actively co-operating with the land and air forces during the successful drive against the Italians in Libya. The picture shows destroyers operating off the African coast.

STIRRING APPEAL FOR AID TOWARD THE CAUSE OF CHINA'S LIBERATION

Cordial Reception For General Wu Te-chen

A stirring appeal, for aid toward the cause of China's liberation, from Chinese in Hongkong was made yesterday by GENERAL WU TE-CHEN when he spoke at a reception in his honour held at the Chinese Chamber of Commerce.

General Wu, who only recently returned from an extensive tour of Malaya and the East Indies, was accorded a warm reception, several prominent men in local Chinese circles, principal among them being Hon. Sir Robert Kotewall, speaking in support of his words.

Gen. Wu, who was preceded in his speech by Mr. Philip Gockchin, Chairman, who spoke a few words of introduction, began by thanking the Chamber for the cordial reception he received.

When he left the Colony, Gen. Wu said, Sir Robert Kotewall was not in the best of health, and he was very happy indeed now to find Sir Robert so well recovered from his indisposition. Sir Robert had always laboured hard in the interests of the 1,500,000 Chinese in Hongkong and he was very much pleased to see him so fit again to continue in this work.

His mission in Malaya and the Indies, Gen. Wu said, was twofold in nature. It had been his task to cement a more true and firm relationship with China's neighbouring nations to the south, and he had endeavoured also to contact again the many patriotic societies of Overseas Chinese in the Indies.

TRUE PATRIOTS

He had been very much pleased with the result of his mission, Gen. Wu said, and was thoroughly convinced that Chinese in the South Seas were very true patriots. They had accomplished much in charitable and educational work and could be depended upon by their mother country.

In his tour, he had raised no less than \$30,000,000. This was a lot of money, but what seemed even a greater thing to him was the patriotism that lay behind the donations that totalled up to this sum.

In Malaya, he had heard often of the part being played by Hongkong Chinese in subscribing toward the war effort of their country battling the invader, and he was proud to be in the midst of Hongkong Chinese who, he knew, had aided so much.

FRENCH FOREIGN LEGION

Units of the famous French Foreign Legion are among the Free French forces fighting in Africa, states a London message. (Special)

Further Progress By British Forces In Eritrea

Yesterday's communique from Cairo states that further progress by British forces was continued in Eritrea, Abyssinia and Italian Somaliland, states a London message.

ERITREA—Our forces advancing from the north have dispersed Italian troops holding positions near Kubbub. Many prisoners were taken and progress southward was resumed.

ABYSSINIA—British forces have advanced further along the Gondar road.

ITALIAN SOMALILAND—The advance to the east of Juba is progressing satisfactorily.

Kubbub is 20 miles north of Keren, preparations for the storming of which are continuing.

BOMBING INCREASED

The R.A.F. is increasing its daily bombing of Eritrea the latest raids being on Gura, Keren and Asmara.

The South African Air Force continues to co-operate with the land forces in East Africa and a successful raid was made on Neghell. In Somaliland reconnaissance flights were made in support of the ground forces. They also attacked transports and destroyed six lorries. (Special)

JEWS FIGHTING IN MIDDLE EAST

There are 6,000 Jews fighting with the British forces in the Middle East, states a London message which adds that 1,200 of them are serving with the R.A.F.

Over 140,000 Jews, 80,000 men and 60,000 women have volunteered for war services in Palestine. (Special)

UNITED EXPRESS SKILFULLY PILOTED TO FIRST
PLACE BY IP KUI-YING
IN ROOTY-HILL DERBYRacylight Causes Major Upset
In Victoria Stakes

MR. IP KUI-YING was accorded a tremendous ovation when he skilfully piloted UNITED EXPRESS in to win the ROOTY-HILL DERBY AND SPORTS CLUB CUP, a length-and-a-half in front of the favourite, ENDEAVOUR (C. B. Moller), yesterday. Mr. Ip put United Express into the lead right from the rise of the barrier and, although strongly challenged by Endeavour when going up the incline for the second time, ran in an easy winner.

Mr. S. W. Lee's JUS GENTIUM (M. M. Sokoloff) was only half-a-length behind Endeavour when the winning post was reached.

The attendance, which was on the poor side in the morning, improved during the tiffin interval so much so that by the time the Big Sweep race was run the two enclosures were packed, while the rails on the other side of the cinder track were thronged with spectators.

In spite of the improvement in the weather, the tracks were still on the heavy side with the result that the times were on the slow side.

ONLY UPSET

Favourites, on the whole, were most obliging and the only real upset was CIRE's RACYLIGHT (F. Noodt) which, carrying only 134 "win" tickets against its stablemate's 1320, and the favourite, Eve of Harvest's 1841, won the Victoria Stakes to pay \$171.20—the highest dividend of the day.

The record Dollar Sweep was won by the holder of ticket No. 538127 (\$397,600), while the second prize of \$113,500 went to the holder of ticket No. 706719, and the third prize (\$54,800) was won by ticket No. 952819.

The Daily Double paid \$114.70 to each of the 70 successful bettors on the EVE OF PEACE-VICEROY combination. Incidentally, Viceroxy gave Don Black his first win of this meeting.

LEADING JOCKEY

H. C. Pih was the leading jockey yesterday with two wins, one second, and one third in seven starts, with L. B. Chao a very close second with two wins, one second and one third in eight starts.

The Lan stable was the most successful, registering two wins, a second and two thirds.

In the last race of the day, the Sandringham Plate, F. A. Sequeira was unseated by Too Hot at the starting gate.

TORTURE OF BOY (14) REMINDS MAGISTRATE OF HELL'S PICTURE

Because his "uncontrollable" 14-year-old son stole money from his employer, a European, Loo Eu Soon, an elderly cook-boy employed by the European.

He tied his son, Loo Seng Liang, to a tree, chained his ankles together with a dog's chain, gagged him with cloth, placed rusty iron rings round his shoulders, and

In the police court in Singapore, Mr. L. C. Goh, convicted Loo Eu Soon on a charge of voluntarily causing hurt and fined him \$75, or three weeks' rigorous imprisonment.

In passing sentence, the magistrate remarked that he had seen pictures of a Chinese hell in which wrong-doers were similarly chained and tortured.

Mr. Goh added that parents were allowed to punish their children, but not in the manner adopted by Loo. He went on to say that if his son's teacher were to thrash the boy in that manner Loo would not doubt be the first person to resent such punishment.

An order was made for the boy to be kept in the Salvation Army Home.

Loo Eu Soon was originally charged with wilfully ill-treating his son, but the magistrate holding that the age of the boy had not been proved to be under 14, amended the charge to one of voluntarily causing hurt.

Mr. N. N. Leicester appeared for the defence. Medical evidence was that the boy had 120 abrasions all over the body, specially deep on the chest and back.

The doctor said that if the abrasions were caused by whipping, he would consider it much too severe for the boy. He added that a normal punishment for a child should be given on the buttocks.

STORY OF BECHING

In a feeble voice, Loo Seng Liang, who said he was 15 years old (Chinese reckoning) described to the court how he was thrashed on Dec. 24 in the garden of a house at Grange Road where his father was employed. He said that because he had stolen money from his father's employer a few days back, his father chained him with a dog's chain.

"My father held one end of the chain and I held the other. Then he had cut from the garden. Then

DEAD END KIDS ON DRESS PARADE

The 'Dead End Kids On Dress Parade,' a Warner Bros. picture starring the Dead End Kids will open today at the King's Theatre.

In this picture, the famous bunch of screen toughs do a complete turnabout and become model American youths in a modern American military academy. Still the scrappy happy hooligans, however, Leo Gorcey leads the Kids, this time as a city slicker who comes to military school to show the cadets a thing or two.

How Gorcey gets a little discipline himself by the other Dead Enders, Billy Halop, Gabriel Dell, Hunt Hall, Bobby Jordan, and Bernard Punsley, forms the basis of this lively film of life in a boys' academy.

'The Dead End Kids On Dress Parade,' features in addition to the Dead End Kids, John Lyle, Frankie Thomas and Cissie Loftus, famous stage star.

SIGNOR MUSSOLINI STILL STRUCK BY VICTORY COMPLEX

British Blockade Of The Continent Called Useless

LONDON, Feb. 24 (Reuter).—The difficulties of the fight in which Italy is engaged "not only in the Mediterranean but above all on the widely separated fronts of the war against British world power," were explained by Signor Mussolini yesterday in a speech from Rome addressed to the "Italian people and the world" in which he expressed his complete conviction that the struggle would come to a "victorious conclusion," declaring that it was the will of Fascist Italy.

Signor Mussolini, who was speaking at a meeting of the Dascio di Combattimenti del Urbe, declared that he had come to break the silence which was "dear to him, especially in time of war." Italy, he said, had been at war not eight months but six years namely, since January 3, 1935. Alluding to General Franco's appeal at the time of the Spanish Civil War, Il Duce said: "We could not turn a deaf ear. It was our duty to go to his help."

He proceeded: "Really we have been at war since Oct. 28, 1922, when we rose against the plutocratic, masonic and capitalistic world. In September, 1939, we were on the eve of war. We could not wait to be entirely ready, for history seized by the throat."

"Italy immobilised immense enemy forces and so assisted the Germans to win their brilliant victories."

"After France, there remained enemy No. 1 against whom we shall fight to the last drop of our blood. Italy has always had to engage in distant and difficult wars."

LIBYAN CAMPAIGN

Referring to Libya as "a most important strategic point," Mussolini stated that between October 1, 1937, and January 31, 1941, more than 14,000 officers and 354,000 men, comprising two armies—the Fifth and the Tenth—were sent to Libya, and also 1,500 guns of all calibres and the most recent type, more than 15,300 machine guns, 11,000,000 artillery shells, more than 1,000,000 rounds of ammunition for automatic weapons, 24,000 tons of clothing and 759 armoured cars.

"These figures show that careful preparations were made. The soldiers who are fighting in the Empire without hope of reinforcements are those who are furthest away but nearest to our hearts."

The battle which started on December 9 and brought the enemy to Benghazi "forestalled us by a few days."

Mussolini added: "We do not use like the hypocritical British. We resisted strongly, sometimes furiously. We shall always tell the truth. We shall repudiate every falsehood. The events of the past months have only sharpened our hatred."

Referring to Greece as "the last British rampart in the Balkans," Mussolini said that Greece would not renounce the British guarantee. It was necessary to face up to her and on this point there was absolute agreement in all responsible military quarters.

LEGENDARY GLORY

Mussolini described the Italian soldiers in Albania as "superb, writing the pages of legendary glory," and declared that Greek losses were very high. He said that spring would come soon and with it the Italians' turn.

He declared that British losses were also heavy and ridiculed the statement that the British lost only 2,000 men. He added: "Since Taranto, the course of the war has been unfavourable to us but our strength of recovery is tremendous. It is the last battle which counts. Victory of the Axis is absolutely sure. Britain cannot win. Whatever happens, Italy will march with Germany to the end."

Mussolini declared that collaboration of the Italian and German armies was based on comradeship and cordiality. "The Germans know that Italy is a supporting weight of 2,000,000 soldiers and an enormous air force and artillery."

"The attitude of the German soldiers in Sicily and Libya is absolutely perfect, worthy of a great army and a great people."

The war strength of Germany had not diminished but increased. Her losses in men and material had been very small.

DUCE'S 10 POINTS

Mussolini made these points: (1) Command was in the strong hands of the Fuehrer;

(2) German armaments were infinitely superior to those of Britain;

(3) Almost the whole of Eastern Europe was against Britain;

(4) Unlike the war of 1914-18, the British blockade is useless;

ABYSSINIAN TOWN CAPTURED BY BRITISH

Situation In Libya Reported Unchanged

CAIRO, Feb. 24 (Reuter).—A combined force of British and Abyssinian patriot troops has occupied Shogalla on the Blue Nile in Abyssinia.

Announcing this, a British communiqué says that an enemy counter-attack was repulsed leaving over 150 dead on the field of battle while the British and Abyssinian patriot losses were slight.

Large quantities of war material and many prisoners were captured when the British troops occupied Jumbo near the mouth of the Juba River in Italian Somaliland.

Operations east of the river continue to develop to the British advantage. The British column is moving down to the Red Sea coast from the north.

FREE FRENCH FORCES

Reinforced by Free French forces from French Equatorial Africa this column is making a satisfactory headway while British forces around Keren continue preparations for the reduction of the Italian position covering the town.

The communiqué adds that the situation in Libya is unchanged.

Britain's Growing Air Strength

Lord Beaverbrook's Appeal To Canada

LONDON, Feb. 24 (Reuter).—Britain's growing air strength was stressed by Lord Beaverbrook, Minister of Aircraft Production, broadcasting to Canada yesterday.

Lord Beaverbrook stated: "The strength of our reserves no longer occupies our attention. We give our thoughts rather to the new types, to longer flights, to more striking power, to greater altitude and swifter pursuit."

After appealing to the Canadians to assist in keeping open the north-western approaches to Britain, Lord Beaverbrook said the price of invasion might be heavy and it was not expected that payment in full for such an adventure would be made on this side of the Channel.

BATTLE FOR FREEDOM

No matter what happened never need the Anglo-Saxons hang their heads in shame when they were told the story of Britain's battle for freedom.

The Canadians would say, for countless generations, that they were descended from the English stock that fought so valiantly.

It was the glory to be allowed to march in the great crusade for freedom under the leadership of Mr. Winston Churchill.

SENATE DEBATE ON AID BILL

Further Amendments To Be Submitted

WASHINGTON, Feb. 24 (Reuter).—The United States Senate today began the seventh day of its debate on the Lend Lease Bill for aiding Britain and there is every likelihood that the Senate will pass the measure at the latest by the week-end.

There are indications in Washington that administration leaders are preparing for quick action after the bill has received final Congressional approval.

It is reported that the form of appropriations and requests were discussed at a recent meeting of the Secretaries of War, Navy and Agriculture.

A statement made yesterday by Senator George, Chairman of the Senate Foreign Relations Committee, indicates that the administration may accept further amendments to the bill. Senator George stated that the majority of the members of the committee are meeting this week to discuss three or four amendments.

MR. R. G. MENZIES PLEDGE AUSTRALIA'S FULL HELP

LONDON, Feb. 24 (Reuter).—The Empire must be "all in": our second best will not win this war. These were the keynotes of a speech broadcast by Mr. R.G. Menzies, Australian Prime Minister, from London last night.

Mr. Menzies proceeded: "The British Empire and the United States are, in the vital matter of war production, only beginning while Germany must already be feeling the strain which will not be sensibly diminished by making slaves of the Italian factory hands after the collapse of the Italian military effort. Time, provided we use it day and night, is our ally."

Addressing the people of Britain, Mr. Menzies said: "You must never think yourselves to be alone. Speaking, I am sure not only for Australia but for the whole British Empire beyond the seas, I say to you—we are in this most holy hour with you."

"Everything that we have of man-power, treasure, skill or determination is pledged to work and fight for you, and with you, until final victory is attained and a better and juster day dawns for the world in which our children are to live."

Mr. Menzies said the Australian Expeditionary Force was already an army of four divisions and corps troops.

JUST BLOWS

Thousands of men had already made their just blows heard in Rome and desired only to deliver them at Berlin.

Thousands of young Australians, entering the air with their brothers from Britain and the Dominions, were destined to see the Empire the just mistress of the air.

"Above all, inspired by the splendid spirit of the King and Queen, your spirit and ours is not merely defensive. It is not sufficient to avoid defeat."

"Between the Powers of darkness and the Powers of light, there can be no compromise. It is no twilight world that we are seeking."

ANNIVERSARY CELEBRATION OF RED ARMY

GENERALISSIMO AT SOVIET EMBASSY RECEPTION

MOSCOW, Feb. 24 (Reuter).—The Soviet Red Army celebrated its 23rd Anniversary of its formation yesterday.

The occasion was marked by a speech by General Tyulenev, Commander of Moscow Military District, in which he extolled and outlined the progress made by the army, recalling that the breaking of Finland's Mannerheim Line last year was an example of the high stage of development of its military technique.

MILITARY APPOINTMENTS

Various new military appointments were also announced and foreign Military Attaches were entertained to tea by the Soviet Chief of Staff at the official residence of the Foreign Commissar.

In the newspaper Pravda, the Deputy Naval Commissar, Admiral Iskov, writes that the Soviet Navy has formed the Danube Flotilla and declares that this is the last of the Soviet Navy's developments.

The Albanian War Front

MARKED ACTIVITY IN THE AIR

LONDON, Feb. 24 (Reuter).—The Greeks were attacking sharply yesterday in the Skumli and Devoli River Valleys, south-east of Elbasan, writes Reuter's Special correspondent on the Albanian frontier.

On the extreme right, activity was confined to artillery duels.

Air activity was more marked, especially by Italian planes which attacked Greek positions and communications.

At mid-day, four Savoia Marchetti bombers bombed the neighbourhood of the Florina frontier area in Greek Macedonia far behind the battlefield.

TURCO-BULGARIAN PACT ECHO

MOSCOW, Feb. 24 (Reuter).—The Tass Agency authoritatively deny that Russia had anything to do with the signing of the Turco-Bulgarian Pact, as reported by the Swiss newspaper.

Drop In Gloucester Hotel Profit For Past Year

FOUR ITEMS THAT HAD CONTRIBUTED TO A DECREASE OF \$294,438.71 AT THE CREDIT OF PROFIT AND LOSS ACCOUNT in the working of the Hongkong Land Investment and Agency Company, Ltd. for the past year, as against the state of Profit and Loss Account in 1939, were enumerated by the Chairman, the Hon. Mr. J. J. Paterson, yesterday morning, at the annual meeting of shareholders of the Company, held at the offices of Messrs. Jardine, Matheson and Company, Ltd.

The difference, Mr. Paterson said, could readily be explained by four items—fewer Property Sales, the first appearance of War Taxation, a special donation to the War Fund inaugurated by the South China Morning Post, Ltd., and a drop in the profit of the Gloucester Hotel. All these totalled \$338,539.07 which showed that the actual property business of the Company was on the increase.

CHAIRMAN'S SPEECH

Sales naturally vary from year to year. War Taxation and donations are payments that can be met with no dissentient voice, whilst the falling away of trade in the Gloucester Hotel was only to be expected under existing conditions. The decrease in this latter is \$65,165.49 all coming within the last half-year's working.

Throughout the year under review office space has been in steady demand and at odd times only have any rooms been without tenants. Windsor House is now completed except for the ground-floor and I am glad to say that the entire area was let at reasonable but remunerative rates some months before the roof was reached.

VALUABLE PROPERTY

Your rent revenue has been added to further by the purchase of No. 11, Queen's Road Central, a most valuable property and your Company now owns the north side of Queen's Road from Marina House to No. 7, both buildings included.

It is intended to re-develop Nos. 11 and 13, Queen's Road Central, as an extension to Windsor House but careful consideration is necessary, having in mind the present difficulty of obtaining various constructional materials.

European Censured By Magistrate

Assaulted Constable At Police Pier

"There is no excuse for striking a constable," was the remark Mr. H. G. Sheldon, K.C., made, when he imposed a fine of \$100 on Basil Levery Stock, 35, staff of the Asiatic Petroleum Co. (South China) Ltd., for assaulting a policeman at Queen's Pier, at the Central Magistracy yesterday.

Defendant was represented by Mr. D. B. Evans, who pleaded guilty.

It was stated that a constable on duty at the pier saw defendant behaving in a disorderly manner at 2 a.m. on Sunday morning. He went up and spoke to him, and defendant hit him on the chest. Brought to the police station, defendant behaved very quietly and even tendered apologies to the law officer.

In mitigation, Mr. Evans pleaded that the fact that his client was not in his moment of sense had to be taken into account.

ANOTHER INCIDENT

Also appearing before Mr. Sheldon, Dr. E. W. Stout, 29, of Alexandra Building, was charged with disorderly conduct while under the influence of liquor.

It was stated that defendant was seen lying on a bench at the Hongkong Yau-matli vehicular wharf by a constable at 1 a.m. on Saturday. He was taken to the police station where he appeared to be very drunk and used bad languages in front of the I.O.D.

LEAVING COLONY

Mr. W. A. Mackinlay, pleading guilty on behalf of defendant, told the Court that his client was leaving the Colony in the course of next week to be commissioned into the Army. The whole incident was most unfortunate and that his client deeply and sincerely regretted what had happened.

After hearing the case, Mr. Sheldon discharged defendant with a caution.

Det.-Sgt. H. B. Dewar prosecuted in each case.

200 JAPANESE WAR DEAD CREMATED

As evidence of the severe casualties suffered by the Japanese during their recent operations in southern Shansi, large numbers of Japanese war dead have been sent north via the Tung-Pu Railway during the past ten days. On Feb. 14 and 15 alone, more than 200 bodies were cremated at Houma and removed to an un-revealed point in northern Shansi. Among the casualties was a Japanese detachment commander who was killed in action at Yangcheng.

Meanwhile, sabotage activities by Chinese mobile units have done considerable damage to the southern sector of the Tung-Pu Railway. Many sections of the line in the neighbourhood of Wensi, Anyi, Sungtien and Kuotien were destroyed, causing disruption to Japanese communications in the area.

CONVOY WAYLAIN
A convoy of ten Japanese trucks loaded with troops and munitions was waylaid by a Chinese flying column on February 9 at Hanliao southeast of Hungtung. Subjected to severe Chinese attacks, the Japanese sustained numerous losses.

On the same night, another Chinese detachment raided and decimated the Japanese garrison at Suloko southeast of Yicheng in southern Shansi. The Chinese also inflicted heavy damage to the Japanese defence works there before retirement.

A Japanese column pushing northward from Linfeng on Feb. 13 was intercepted by the Chinese at Yaoyuan and engaged in severe fighting. The Japanese were thrown back, abandoning over 100 on the field. The war booty captured by the Chinese included rifles, pistols and machine guns. (Central News).

MUSSOLINI TELLS THE WORLD

HERR HITLER'S Italian partner broke what he described as a silence which was dear to him to tell the world on Sunday of the imaginary pages of superb history which his fighting forces were writing in Albania and in Africa! The world listened tolerantly, knowing full well that the silence which the blusterer at Rome had preserved for so long was due to the fact that the blows which the British and the Greeks have relentlessly delivered at him were responsible for having rendered him speechless for quite a long period. His Nazi master, who, on the other hand, has managed to keep up his mouthings and invective against Britain, her allies and her friends, no doubt felt that his Roman puppet was beginning to forget one of the important rules that go with the making of dictatorships, and who apparently ordered him to try and convince the world that he really still existed in the flesh and that it was only the wicked British who were trying to make others believe that Italy had ceased to be a factor in the war for power which the Nazis had begun. Despite the scars of defeat and humiliation which he carries for all the world to see, Signor Mussolini did his duty—unquestionably with some reluctance—and certainly attained to new heights of mendacity and quibbling.

ALL HIS GRANDIOSE PHRASES of Italy's legendary glories, which the Italian armies were gallantly fighting to maintain, failed to conceal the tremulous quaverings of fear, the plaintive appeal to his people to give him a last chance to retrieve his lost prestige and his hopes—and these he took no pains to hide—of how much he depended on his Nazi employer to pull his chestnuts out of the fire. His speech was the speech of a cowering figure forced on to the defensive and driven into a corner from which he still saw little possibility of escape. It showed the bombastic Il Duce lifting his soiled hands, not as he tried to show his audience in threatening gestures, but in the hope that something would be placed in them by his lord and master to enable him to extricate himself from what he himself called "the difficulties of the fight in which Italy is engaged against British world power." Whether he was able to convince his audience of Fascists is not indicated and what is even less clear is whether the Italian people, who must have been ordered to listen in to his lies and mis-statements, were in any way encouraged to leave their future destiny in the hands of a tyrant who had brought them to the brink of disaster with little hope of his being able even now to prevent them toppling over.

OF HIS SPEECH ITSELF, there is little that calls for comment. The one statement that is of interest is that Italy has really been at war since October 1922. This remark has been rightly interpreted in political and military quarters as an endeavour by Signor Mussolini to refute the charges that have been made against him, even by some of his own generals, that the country was not prepared for war when he decided to stab France in the back last June and when he tried to make his snatch in Greece. Indeed, this admission is the clearest proof that his war machine was beginning to creak and groan under the strain which had been imposed on it in Abyssinia and in Spain and that it lacked the necessary overhaul for participation in a major conflict. And then Il Duce utters his most blatant falsehood when he declares that "we could not wait to be entirely ready for history seized us by the throat!" The earnest appeals that were made to him by Britain's Prime Minister and the President of the United States and even by His Holiness the Pope were conveniently disregarded by the man who had sold his birthright to the fanatic at Berlin, in his fresh endeavour to justify himself before his deluded and deceived people. The Italian people are, indeed, bearing with "exemplary dignity" the cruel sacrifices which Herr Hitler's tool and his Fascist system has heaped on their heads—but that dignity will turn in uncontrolled fury on Il Duce and his gangsters when they know that the victory he speaks of is nothing but a hollow and valueless promise impossible of achievement.

Kuomintang Martyrs

MEMORIAL SERVICE IN CHUNGKING

CHUNGKING, Feb. 24 (Central).—A memorial service was held in Chungking yesterday for over 500 Kuomintang members who have been arrested and put to death by the Japanese or traitors while working in the enemy "occupied" areas since the outbreak of the war.

More than 300 government officials and Kuomintang leaders attended the service. Among them were Mr. Yu Yu-jen, President of the Control Yuan, Mr. Wu Chih-hui, member of the Kuomintang Central Supervisory Committee, and General Ho Chien, Director of the Pension Committee of the National Military Council.

Floral tributes were offered by Mr. Lin Sen, Chairman of the National Government, Generalissimo Chiang Kai-shek and other high officials.

Speaking at the service, Dr. Chu Chia-hua, Director of the Kuomintang Organisation Board, paid a glowing tribute to the 506 martyrs and urged his compatriots to continue the task of national salvation in the same courageous spirit.

CHUNGKING AND COMMUNISTS

Hopes Expressed For Amicable Settlement

CHUNGKING, Feb. 24 (Reuters).—Whether the Communist Army will obey orders in future is considerably pre-occupying the official minds here.

Following the recent disbanding of the New Fourth (Communist) Army, it was thought differences between the Kuomintang and the Chinese Communist Party might be settled amicably through frank discussion at the forthcoming meeting of the National Peoples' Political Council created by the Government in 1938 for the purpose of enabling all the various political groups to consult together.

It is hoped that the Communist leaders will attend the meeting and not withdraw their co-operation from the common effort. The Kwangtung Provincial Council has been appealed by telegram to the Commanders of the Communist Army to "obey orders."

"WORKING TOGETHER."

BRITISH ENGINE DRIVER'S UNIQUE DESCRIPTION OF "HOW WE CARRY ON"

"No doubt our opening batsmen received some nasty cracks from the demon bowling of Hitler. Some unexpected events occurred. Wickets fell before our men got their eye in to see the ball. Then they started to wear down the bowling and to make a stand and now we are knocking them for sixes. The score is mounting and will soon reach the total of the other side. THE LION AND THE KANGAROO HAVE PULLED THE GAME OUT OF THE FIRE."

This was the unique description given by a LONDON ENGINE DRIVER, when he broadcast from London yesterday in the series "WORKING TOGETHER" to show how the British workman was meeting the attempts made by the Nazis to break down their resistance.

These talks, which were opened by Mr. Ernest Bevin, Minister of Labour and National Service, for the purpose of affording workmen in Britain an opportunity to speak to their fellow workers "down under."

MAGNIFICENT WORK
The speaker, who is an engine driver in the London Scottish and Midland Railway Company, gave a vivid account of his duties on runs between London and Manchester, Liverpool and Wolverhampton.

He spoke of the longer hours of duty and the consequent strain of driving for long spells at a much reduced speed owing to air raids and black-outs. In spite of this the train crews were standing up to their work magnificently.

"We have our grumbles, of course," said the speaker, "but that is an Englishman's privilege. The prevailing spirit, however, is to carry on."

BRITISH PLUCK

The speaker declared that when the bombing of London started, the people began to look serious, but slowly the British pluck began to show itself and today everything was going on practically normally.

Mr. Haig Assadourian, Manager of the Jal-Alal Games in Manila, who is going to Shanghai on business, accompanied by Mrs. Assadourian, was a passenger through the Colony on Saturday.

Mr. R. J. Elstrom, of the International Harvester who is going to the United States on business, accompanied by his wife and children, passed through Hongkong on Saturday.

The forthcoming marriage between Mr. Wong Su-wa, building contractor, of No. 287 Temple St., second floor, and Miss So Wai-ching, was announced at the Registry, Supreme Court, yesterday.

—women were seen shopping and folk were going about their daily occupations. The public thus showed its confidence in what was being done and the manner in which the onslaught of the enemy was being countered.

The speaker had the experience of being machine-gunned by Nazi airmen while driving his engine and later of seeing a bomb falling in front of his train—but only just too far ahead to cause any damage.

"And so we are carrying on with our jobs—the jobs of carrying goods, passengers and other services," he said. "Many of us feel that we can still do a bit more in the common effort. I am sure you will all realise by this time that we mean business if this invasion is attempted."

EXISTENCE AT STAKE

"That is only typical of men and women of all classes here. The workers over here know what they are up against and that their very existence is at stake. We mean to keep our great inheritance for our children."

The speaker revealed that he and many others of his fellow workers had joined the Home Guard. This was spare time work and did not interfere with their railway duties.

"That is how we are carrying on here," concluded the speaker, "and to you my fellow railway workers down under I offer my best wishes."

OLD MEN GATHER IN CHUNGKING

A unique feature on the second day of the celebration of the 7th anniversary of the New Life Movement was a meeting in honour of the aged with Mr. Yu Yu-jen, President of the Control Yuan, presiding.

One hundred elders were invited to attend the meeting, the oldest among them being 108. Both Generalissimo and Madame Chiang Kai-shek had gifts presented to them.

Vocational contests and lectures on the New Life Movement continued. Mr. Yu Yu-jen spoke over the radio in the evening on "The New Life Movement and the Problem of the People's Livelihood" (Central News).

PRO-JAPANESE UNIT SURRENDERS

Indignant at the oppression of the Japanese, a puppet Chinese unit numbering about 400 men under the command of Chang Tsai-yl, belonging to the 3rd Division of the so-called "Mongolian Self-Defence National Army," has surrendered to the Chinese military authorities in west Suiyuan with full equipment including 300 rifles and dozens of light machine guns.

The surrender occurred on the night of Feb. 12, when the men deserted their assigned post near Paotow and marched to an undisclosed point in the Chinese defence area. (Central News).

CHUNGKING, Feb. 24 (Central).—M. Henri Cosme, French Ambassador to China, left Shanghai for Tientsin and Peiping on Saturday by boat, according to a Shanghai dispatch. After his trip to the north, he will come to Chungking next month.

The seventh annual Children's Sports will be held at the Southern Playground, Wanchai, on Thursday, Feb. 27 at which the prizes will be distributed by Lady MacGregor, wife of the Chief Justice, Sir Atholl MacGregor. The sports will commence at 2 p.m. concluding with a football game at 4.30 p.m.

Shareholders are reminded that the annual meeting of the Hongkong and Shanghai Banking Corporation takes place tomorrow, Wednesday, Feb. 26, at Noon at the Head Office of the Corporation, No. 1 Queen's Road Central, Hongkong.

Chinese Capture Mingkiang After Spirited Encounter: Japanese Barracks Burned

CHUNGKING, Feb. 24 (Central)—Chinese successes on the Honan, Hupeh and Kiangsu fronts were reported in field dispatches received here. Mingkiang in southern Honan has been recaptured, while Kwangsi in northern Hupeh broken into and a Japanese attack on Hsinhsue in northern Kiangsu repulsed with severe losses.

Following up their recent victories, Chinese troops in southern Honan on February 17 launched a vigorous assault on the Japanese at Mingkiang on the Peking-Hankow Railway, 24 miles north of Sinyang. In a spirited engagement lasting until the following afternoon, the Chinese inflicted more than 500 casualties on the Japanese and ejected them from the city. The remnant Japanese are now falling back on Sinyang with the Chinese hot on their trail.

Thailand Armistice Prolonged

BANGKOK, Feb. 24 (Reuter)—Contrary to expectations the peace parleys in Tokyo will soon be over, and it now appears certain the truce, expiring at 8 p.m. tomorrow, will be further extended probably for a fortnight.

A message from Sydney yesterday referred to the refusal of Marshal Petain's Government to accede to the Japanese demands on Vichy for certain bases in Indo-China as a condition to the settlement of the dispute. (Special)

NO DETAILS

Commenting on this rejection of the Japanese demands, Mr. Thomas Cadet, the B. B. C. commentator, said: "We have no details about the Japanese proposals, but we may be quite sure that the Japanese mean to get something out of it."

"The Japanese wanted certain bases in Indo-China and these, if given to them, will be of great military value for any designs they may have on Malaya and the Dutch East Indies."

"The French refusal to accept these proposals is quite understandable. If the Japanese set out to take Malaya and the Dutch East Indies, French territory will possibly become a battle-ground. It will be impossible for the French to prevent this when resistance is offered to the Japanese attack."

"So we now have the French saying No to all three members of the Axis. They have said No to the Japanese, they said No to the Italian request for troops to pass through French Morocco and they have been saying No to Germany's demands for quite a long time."

AMERICANS TO LEAVE

BANGKOK, Feb. 24 (Reuter)—The American Minister has advised American women and children, and also men whose presence in Thailand are not highly essential, to consider returning to the United States, and adds the advice is not meant to cause alarm or unnecessary inconvenience.

CUSTOMS PASS TRAGEDY

Mr. Fung Kwok-wah's Condition Serious

Mr. Fung Kwok-wah, well known local jockey and proprietor of the Green Island Cement Company, who was found lying in a critical condition as the result of taking Lysol and chopper wounds on the throat, in a bungalow at Customs Pass on Sunday has regained consciousness at the Kowloon Hospital.

His condition is serious. The tragedy was first discovered about 7 p.m. by gardeners of the bungalow who heard screams from the bedroom.

The servants forced open the door and found Mrs. Fung bleeding profusely from the throat and head. Mr. Fung was also on the floor and appeared to be in great pain. A Lysol bottle and a chopper were found next to them.

The Police were informed but before their arrival Mrs. Fung had already succumbed to her wounds. It is learned that the couple went out hiking to their bungalow at Clear Water Bay Road and they appeared to be very friendly at the time.

Mr. Fung rode Lovely Star to second place in the Amoy Handicap at the race meeting on Tuesday last.

Stirring Appeal By Gen. Wu Te-chen

Continued from Page 1

In his travels, he had felt keenly a need for unity between Chinese overseas, in China, and in Hongkong. General Wu continued. Though there was a co-operation of a sort at the present moment, it seemed to lack a system and could not be considered true co-operation in the most modern sense of the word.

He would commend to the Chinese Chamber of Commerce here, Gen. Wu concluded, this desire for co-operation and could trust that

the Chamber would exert its utmost effort toward the achievement of it.

SIR ROBERT KOTTEWALL. Sir Robert Kottewall, who spoke after General Wu, said that he had come totally unprepared to speak, but had been moved to such an extent by General Wu's appeal, that he was glad to accept the invitation to say a few words.

General Wu had returned from a most successful tour. Sir Robert said, and his achievements during his mission in Malaya and the East Indies could not but earn the respect of all Chinese both in and outside China.

"General Wu has informed us of the opinion expressed by Chinese abroad in regard to the share Chinese residents in Hongkong have taken in raising money for China," Sir Robert said, "and it may be quite truly said that Chinese in Hongkong have done much in this direction. With regard to the wealthy people among us, though, they have not, perhaps, done enough."

REAL SACRIFICE

"The test of real patriotism is in giving either money or service until it becomes a real sacrifice. I ask you, have the richer classes among Chinese in Hongkong made a real sacrifice?" Sir Robert continued.

"They can do much more for China and for the Island that has given them the peace and security they have enjoyed."

The part that had been played by hawkers and labourers among the Chinese people here toward the raising of funds he deeply admired, Sir Robert said. They had contributed in the true patriotic spirit.

He would wish to say a few words also with regard to General Wu's message on co-operation between Chinese communities in China, in Hongkong and in the South Seas. Sir Robert continued. Recalling Gen. Wu's words, he had no doubt that the message would be received in the proper spirit by Chinese here, who were only too eager to give of their utmost to this end.

DEEPER UNDERSTANDING

In conclusion, he would thank General Wu for his kind words in regard to his health. Sir Robert said, and could report that he was happily not so much incapacitated at the present that he would not willingly place his services at the disposal of any body striving toward the achievement of the aims that General Wu had summarised with regard to the achievement of a deeper understanding between Chinese everywhere.

He was greatly honoured by the opportunity accorded him also to welcome Gen. Wu to the meeting. Among others who spoke were Mr. Lee Sin-kui, Mr. Lam Pui-san and Dr. S. W. Ts'o.

SLIGHT ATTACK ON LONDON

Scattered Activity By Luftwaffe

LONDON, Feb. 24 (Reuter)—Enemy air activity over Britain last night had been scattered.

Bombs were dropped in the fields in one south-eastern district and enemy planes were reported in the vicinity of a north-east town.

An alert was sounded in London, early in the evening but after a period the "all clear" signal was given.

Early reports suggested that the attack on London had been very slight.

WEEK'S LOSSES

LONDON, Feb. 24 (Reuter)—Thirteen German airplanes were lost over Britain between Feb. 16 and 22, inclusive. During the same period British losses were nil.

The Germans lost four on Feb. 16; six on Feb. 17; one on Feb. 21 and two on Feb. 22.

The British lost seven planes over Germany during the same period.

Middle East losses from Feb. 16 to 22 were Germans, 5; Italians, 20; and British, six. Two further German planes were brought down by the British Navy.

RAIDERS TURNED BACK

A strong force of German fighter-bombers invaded the skies over the Straits of Dover yesterday afternoon following Saturday's patrol activities, and small-scale daylight raids on south-east England.

Spiritfires and A.A. guns along the Channel coast went into action and several groups of enemy machines were turned back before reaching the English coast.

There had been considerable activity over the Straits by Spitfires during the morning and British bombers were seen flying across the sea.

SYDNEY, Feb. 24 (Reuter)—Two

Japanese vessels, which had been anchored at Noumea, New Caledonia, for the past nine days, have been refused permission to take on cargoes of iron ore, according to the Noumea correspondent of the SYDNEY SUN.

LONDON, Feb. 24 (Reuter)—The

usual Lenten laws of fasting on all week days and abstinence from consumption of meat on Wednesday and Friday by Catholics in Britain are again dispensed with for the coming Lenten, according to an announcement today.

that a great part of the fighting will take place over enemy aerodromes.

"It looks to me at present, in spite of the stir in the Balkans, that the main German preparations are on the German front."

Japan Will Proceed With Southward Expansion Programme

CHUNGKING, Feb. 24 (Reuter)—The belief that Japan will ultimately proceed with her southward expansion programme is expressed in a special article in the official CENTRAL DAILY NEWS.

The article claims Japan is probably moving in spring together with a German offensive in Europe or a little later, but "most likely within the current year."

ALL PREPARATIONS

It adds: "Strictly speaking, Japan's occupation of Hainan, the Spratly Islands, penetration of Indo-China and mediation in the Franco-Thai dispute are all preparations necessary for a southward expansion."

"The prevailing talk of a southward expansion refers particularly to the possibility of a Japanese attack on Singapore, Dutch East Indies or political and military penetration, not including economic penetration."

"Otherwise we may say Japan's southward expansion has already begun."

Far East Situation Still One Of Preparedness

THE SITUATION IN THE FAR EAST IS STILL ONE OF PREPAREDNESS, states a message from Sydney. MR. MATSUOKA yesterday conferred with the heads of the Japanese fighting services, and no counter-moves against the UNITED STATES, BRITAIN and the NETHERLANDS have been indicated.

In the meantime, SINGAPORE continues to be strengthened. The Director-General of Information, Mr. Purcell, broadcast to the people on Sunday on the subject of air raid precautions and other advice for conduct during an emergency.

He declared that the position was quite satisfactory and he did not think that there was any reason to fear an immediate attack.

Germany was hoping to persuade Japan to create a diversion by an attack on MALAYA and the Dutch East Indies. That was all the Nazis wanted.

The Sydney message also added that 1,000 Americans, mostly women and children, would leave Shanghai on Thursday, following the repeated orders issued by the American Consular authorities there.

JAPAN'S PART

A later message from Sydney stated that the isolation of AUSTRALIA and NEW ZEALAND is the part which Japan will have to play in Herr Hitler's plan. This is to be done by driving a naval wedge down the Indian Ocean.

No sea blockade of Australian waters could, however, succeed if the British and American navies co-operate.

Another message from Sydney stated that President Roose-

Tong Siu-ching, 18, woman, was admitted to Queen Mary Hospital at 3 p.m. yesterday, suffering from Lysol poisoning.

Leaving a letter saying that she was going out to earn her own living, Cheng Wai-hing, 20, left No. 7, Shelley Street, second floor, at 7 a.m. yesterday and has been missing since.

MEMBERSHIP CAMPAIGN OF Y.M.C.A.

A large gathering was present at the Cafe Windsor last night, when Dr. C. T. Wang, commander-in-chief of all teams in connection with the annual Y.M.C.A. membership campaign, was host to captains of individual teams at supper.

Gen. Wu Te-chen, Chinese Minister of Overseas Affairs, was present at the function. In a speech, he encouraged the captains to greater effort in soliciting members.

It is recalled that the campaign, which is jointly held by the Hongkong and the Canton branch and the Field Service Corps, started on Feb. 14. The first phase will end on Mar. 1.

Damage Done By R.A.F. Raids On Berlin

NEW YORK, Feb. 24 (Reuter)—Damage done by the R. A. F. raids on BERLIN includes gutting a small motor department of a large electrical plant in the city area, severe damaging a chemical plant, temporary disruption of the street-car power system and hitting a metropolitan railway.

This is revealed by an American correspondent who has just returned to New York from the German capital. "News of the effects of a night's bombardment spreads through Berlin like wildfire," he says, "and it would be difficult for the authorities to conceal any important damage, even though the heaviest penalties are attached to the spreading of such news."

POINT SCORED

"Psychologically, the British scored a point when they began raids on Berlin last August. Until that point, the Berliners generally believed the British would never be able to touch the capital. The Nazis told them so." The correspondent adds that details of bombing in other areas in Germany are closely guarded as military secrets.

S'pore Rifle Association Win Far East Trophy Match

The Far East Trophy Match, 1940, was won by the Singapore Rifle Association with 762 points, Hongkong Rifle Association taking second place with 760 points. The loss of this match may be attributed largely to the fact that there has been no practice with the aperture sight rifle this year, all shooting being done under "Service" conditions. Hongkong, however, won the Open Sight match with 688 points, Singapore following with 639 points.

K.C.C. CONSOLIDATE POSITION AT TOP OF TABLE WITH AN EASY WIN OVER RECREIO

J. M. Gosano Carries Bat For An Undefeated 75 BY "BARNABAS"

AS THE RESULT OF THEIR UNEXPECTEDLY EASY VICTORY OVER RECREIO LAST SATURDAY, THE KOWLOON C.C. are now in a practically unassailable position and seem certain of retaining the Senior League Championship unless something untoward occurs in their last match, which is against the Civil Service C.C. If they win this match (and I cannot see what can prevent them from doing so), the Championship is theirs. If they should lose or even draw, however, Craighower will have a chance of taking a crack at the League honours, providing they win all three of their remaining matches.

Kowloon C.C. won the toss and sent Recreio in to bat first on a soft and tricky wicket. Recreio very soon lost the wicket of Luigi Gosano when he was brilliantly held by Reggie Broadbridge low down in the slip, the fielder sprawling in his effort to bring off the catch.

Joined by G. N. Gosano, J. M. Gosano continued to bat steadily. Runs came slowly. With the Recreio total at 47, however, G.N. attempted a big drive and was smartly taken at slip by Donald Anderson. He had scored 11 runs. Eddie Gosano who was shaky and uncertain for the short period he was at the wicket was well held at cover by Norman Mackay who, incidentally, somewhat re-deemed himself for dropping a sitter off J. M. Gosano earlier on when he (Gosano) had only 30 odd runs.

J. M. Gosano was batting delightfully. But for the one slip which Mackay put on the floor, he never gave the semblance of a chance, although he survived a confident l.b.w. appeal when he had fifty odd runs. He batted throughout the Recreio innings and when the declaration was made at 4.25 p.m. had collected a not out 75 to help Recreio put 128

on the board for the loss of 9 wickets.

K.C.C. INNINGS

The Kowloon C.C. opened with Duggie Hwang and Reggie Broadbridge, the latter soon losing his wicket. Hung opened out his shoulders almost immediately and hit out at anything short of a length. Before he fell victim to Silva caught by Prata, he and Donald Anderson had put on a very useful partnership. His contribution was 34.

Another big partnership then ensued between Anderson and Francis Lay, the latter scoring 30 before losing his wicket. Anderson continued batting and when the winning shot was made he had scored an undefeated 48.

C.C.C. SHARE SPOILS

The progress of Craighower, one of the favourites for the Second Division League honours, was checked for the first time in four matches when they were held to a draw last Saturday at Pokfulam by the University. Indeed it was unfortunate for the Undergraduates that they did not win, as at the time of drawing stumps Craighower, with six wickets down were 75 runs in arrears. Craighower had had ample time in which to score 188 runs to win, as the University had declared their innings closed very early.

T. C. Lo and D. Chelliah who opened the "Varsity" innings put on 73 runs for the first wicket. The former scored 41, and the latter 49. Another useful contribution of 36 off R. S. Gill's bat enabled the Undergrads to declare at 4.10 p.m. with the total at 187 for 9 wickets.

Craighower fared badly against the steady University attack. Wickets fell cheaply. Craighower would certainly have lost if Arthur Hanson had not played a determined innings for 47 not out. He batted throughout the Craighower innings.

FOURTH DEFEAT

Last Saturday the Police, last year's Champions, sustained their fourth consecutive defeat in as many matches when they lost by the narrow margin of only 3 runs to the Indian R.C.

With the help of 31 runs from M. A. Wahab, 21 not out from T. Ali, 25 from "Duffy" Razack and 16 from H. T. Barma, the I.R.C. were all out for 139, a respectable though none too safe score considering the smallness of the I.R.C. ground.

The Police looked very much like a team breaking their jinx at last, when, with 5 wickets in hand they were only 17 runs in arrears. W. Clarke, H. Tyler and J. Shepherd with 39, 41 and 23 runs respectively enabled the Police to put 122 runs on the board for the loss of only 5 wickets. But at this stage Dame Fortune again frowned upon them, and they lost the rest of their wickets for only 14 runs.

Ate Abbas was mainly responsible for the Police collapse. He took 6 wickets for 43 runs. A. M. Rumjahn took 3 for 49.

VOLUNTEERS BEATEN

On Sunday Recreio entertained a team composed of Volunteers at King's Park. The match was played in pretty foul weather and resulted in a win for the Portuguese who, batting with only 10 men, compiled the score of 181.

J. M. Gosano who opened for Recreio and who had scored 75 not out against the K.C.C. the previous day again came off with the bat, making 35 runs before stepping in front of a straight one from Francis Zimmermann. M. A. Remedios contributed 11, L. G. Gosano 27 and P. M. Silva 26.

The Volunteers replied with 178 to which Teddy Fincher contributed 74 runs. Archie Zimmermann was run out at 31.

BLACK-OUT EXERCISE

DIMMED LIGHTS FOR FERRIES

Since the Press communique on the black-out exercises was published on Feb. 4, it has been decided that dimmed navigation lights may be used by Star Ferry, Hongkong and Yau Ma Tei Ferry, and the Fire Floats. This decision affects paragraphs 4 (a) and 5 (b) of the Press communique.

(a) Certain lighting trials connected with street lighting and the lighting of premises will be carried out during the nights of February 26 and 27, 1941.

(b) Authority has been given to relax certain of the lighting restrictions laid down in the Black-out Order to certain dockyards and other premises, the owners of which have been informed.

(c) The Fire Brigade will be carrying out certain exercises, and flares will be lit in certain parts of the city to simulate fires.

RELIEF PLAN FOR HONGKONG-MACAO REFUGEES

More positive aid to Chinese war refugees in Hongkong and Macao will be extended in the current year by the Hongkong-Macao Committee of the Kwangtung Provincial Relief Commission.

According to a new relief plan worked out by the Committee, scores of refugees in both Hongkong and Macao will be repatriated every month and jobs will be found for them when they reach their home towns. Those who choose to remain in Hongkong or Macao will be given work if available.

Financial aid will be extended to relief organisations operated by Chinese in Hongkong if their work is found to be satisfactory.

During the current year, the Committee will establish three clinics respectively in Hongkong, Kowloon and Macao to give free medical treatment to refugees. A workshop for making fishing nets will be set up for Chinese fishermen forced out of their jobs by Japanese naval activities near the Hongkong waters.

The Committee will also establish additional free schools for refugee children.

BRILLIANT EVENT

The charity tea dance, under the auspices of the National Women's Relief Association, held at the Hongkong Hotel Grill Room on Sunday, was the most brilliant event of the season.

The glamorous Hula dance of Miss Margaret Chen opened the programme of entertainment. It was followed by two Chinese sword dances. The fancy tango, featured by Miss Laraveros and Mr. Hugh Goldie arranged by Mr. G. Goncharoff drew much applause.

The grand Fashion Parade consisted of twenty-five girls displaying beautiful dresses of the four seasons. The material of the dresses were donated by the Wing On Co., the Sincere Co., The Sun Co., Kim Mon Lady Tailor, Mo Kee Co., and the Brook Co., designed by Mo Kee, Kim Mun and Mrs. Charles Gray.

The Grill Room was packed and the smartest set of Hongkong turned out. Among the notables were Sir Robert Ho Tung, Madame Sun Fo, Madame C. C. Wu, Hon. Mr. and Mrs. Li Tse-fong, Mr. and Mrs. Li Shu-pui, Mr. and Mrs. C. Y. Kwan, Mr. and Mrs. P. F. Fong and Mr. Wong Hui Lai.

PRESENTATION TO CAPT. A. W. F. PEAL

A presentation took place at Hongkong Football Club last Sunday after the final of the Lal Wah Cup game when Capt. A. W. F. Peal was the recipient of a silver cigarette case from Mr. W. Pryde, Vice-President of the Hongkong Football Association, on behalf of the Council.

Capt. Peal is terminating his connexion with the Association owing to his impending departure. He has also relinquished the posts of Army Representative on the Council and Hon. Secretary of Area Sports Board.

B.U.F. DUPES TO GO FREE

Many "dupes" of the British Union of Fascists detained under the Defence Regulations can now be safely released. Mr. Herbert Morrison, Home Secretary, told the House of Commons.

"As regards the more responsible leaders of the union no question has arisen as to the necessity for their continued detention," he said.

"But as regards many of the minor officials, the question of release depends partly on certain general considerations and partly on an estimate of the character of the individual and his probable behaviour if released.

"The Advisory Committee inform me that their examination of many of these cases shows that the Order making illegal activities in promotion of the British Union has made a great change in the situation.

"Many of those who have come before the committee have protested—and, the committee believe, have protested truthfully—that had this Order been in existence at an earlier date they would have discontinued their connection with the union.

"Moreover, examination of individual cases shows that many of these people have little understanding of the aims and policy of the union, and sometimes that their understanding of any subject is limited.

"Some of them appear to be dupes who were attracted to the union for various reasons, but had no sympathy with its subversive aims or anti-war policy.

"The conclusion I have reached after examining many of these

cases is that there are among them a number who can now be safely released."

LOW MENTALITY

Asked whether he could shorten the period between detention and cases being heard, Mr. Morrison said he was not prepared to come to any general conclusion as to the policy of British Union cases until he had enough samples before him to see what the nature of the problem was.

There were some delays in some cases, with good reason.

He added: "My general conclusion is that a fair proportion of them are not mentally of a high standard.

"I would point out that if a decision is taken to release an individual this does not necessarily mean that he was wrongly detained.

"As regards, for example, persons detained because of their activities in connection with the British Union, there is no doubt that for the purpose of suppressing this potentially dangerous organisation their detention was justified."

PRINCESS CALLED "SPY"

Mr. Mander (Lib. Wolverhampton East) asked when and for what reasons an exit permission was granted to Princess Stephanie Hohenzollern to go to the United States.

"This Hungarian subject left the United Kingdom in December 1939," said Mr. Morrison.

"I understand that when applying for an exit permit she gave as the object of her journey a visit to relatives in the United States."

Mr. Mander: Is he aware that this woman is a notorious member of the Hitler spy organisation? Why was she permitted to leave this country and do this sort of work over there? Why was she not interned here?

Mr. Morrison said he must have notice of the first question, and repeated that the reason given was a visit to relatives.

MEDICAL CERTIFICATE 'UNSATISFACTORY'

"Utterly unsatisfactory" was the comment made by Mr. Justice Soerz at the Kandy Assizes on a medical certificate produced on behalf of a prisoner who was absent at the date of trial recently.

The case was from Kegalla, O. the four persons charged, three men were present, and the fourth, a woman, on whose behalf the medical certificate was presented, was absent. The Judge ordered that the bail of the three men present be cancelled "in order to anticipate any similar medical certificate being presented on behalf of any of them," and ordered that they be remanded to the custody of the Fiscal and that as soon as the woman left hospital, she be taken into Police custody and produced before him.

JUDGE'S ORDER

The following is from the Judge's order: "In this case, Crown Counsel brings to my notice that the fourth accused is not present in Court to stand her trial today. A Dr. Wickremesinghe giving his address as Hospital Dungalow, Kegalla, has sent a medical certificate in which he says: 'I have examined W. P. Sirimali today, and certify that she is suffering from asthma and malarial fever. She is not in a fit condition to travel to Kandy to give evidence in the above case.'

"In my opinion this is an utterly unsatisfactory medical certificate. The Medical Officer does not say how long this woman will not be able to use his own words to 'travel to Kandy to give evidence in the above case,' whether it will be a matter of hours, days, months or anything of that kind. In the circumstances there is no alternative, but to adjourn the case, although there is no other work fixed for tomorrow.

"In order to anticipate any similar medical certificate being presented on behalf of any of the other accused, I cancel the bail that was allowed to them in the Court below and remand them; they will remain in the custody of the Fiscal till the next date of trial."

ANTI-LOOT SQUAD

So serious has the increase of looting become that a conference of Scotland Yard chiefs has been held to discuss methods to stop the epidemic.

Anti-looting patrols have been strengthened, and police now patrol bombed areas in pairs. They will have the co-operation of Flying Squad radio cars. In addition, plain clothes officers are mixing with civilian defence personnel.

One of their most distasteful duties, but one which unfortunately has been found to be necessary, is to keep watch on members of various squads engaged in fire fighting and rescue work, and even their own comrades.

The greatest difficulty confronting the police is that so many looters have hitherto been persons of irreproachable character.

"If you had been a German boy you would probably have been shot, and even in this country you are liable to the death penalty," said Mr. Bernard Campton, K.C., at Tower Bridge to Arnold William John Lunn, 18, a soldier, who was found guilty of looting.

He was accused of being concerned with other boys in stealing 8,000 cigarettes worth \$180 from premises damaged by enemy action.

Lunn was sent to prison for six months.

"The only way to stop looting is to give punishment which, for the amount of stuff taken, is heavy," said Mr. L. R. Dunne, the Marylebone magistrate, in sentencing.

Military Give Control In Martinique

FORT-DE-FRANCE, Martinique, Feb. 5.—Extension of powers given to Admiral Georges Robert as high commissioner of the French Antilles colonies, and the replacement of Governor Henry Bressolles by Yves Nichol as governor of Martinique have led principally to a supervisory control of all departments by the military, writes Peter C. Rhodes in the Manila Bulletin.

As Admiral Robert said in officially announcing the change: "I henceforth will inform, instead of being informed."

SLIGHT REORGANISATION

Under Robert's orders there has been a slight reorganisation of the military and naval forces during the past month. There have been no administrative changes in local departments as yet, although Nichol and Robert have indicated they intend to simplify and consolidate all administration on the island of the same new laws applying in France. Forty lucrative posts which were not considered of importance, have been eliminated.

It has been announced that all administrators past 50 will be retired, as is the practice in France now. However, none will be replaced here. All married women with fewer than three children

have been requested to resign their posts, with a small indemnity. Reorganisation of the educational setup here indicates that many of these posts will not be filled by others.

NEW DEPARTMENTS

Three new departments, normally under administration control, which Admiral Robert has taken directly in hand are the information service, which provides the only news on the island to the local papers; the censorship, and the postal control service. In all three cases the admiral's control was effective some time before the announcement.

The important power granted to Admiral Robert was that of full diplomatic rights in negotiating with representatives of American republics. The limitations of this power, which were cabled to the admiral on Oct. 22 in private instructions, are not known. It is believed here that these limitations on the admiral's jurisdiction in diplomatic affairs are relatively strict.

NO CHANGE

No immediate change in the administrative departments is expected, administration, being the one department over which Admiral Robert was not authorised to take full supervisory control. Governor Bressolles, who will be retired because he exceeds by two years the new retirement age limit established by Vichy, probably will remain as acting governor for at least another month, until the new governor, Nichol, can reach his post.

Lord Nathan, Director of Welfare for the Eastern Command and the London Area, speaking in London, said he hoped leave for troops was going to be frequent, even though only for a short time on each occasion.

Rural Building Difficulties

Reference was made at a recent meeting of the Singapore Rural Board to a memorandum submitted at the last meeting by Mr. C. Reuben, on observations of the application of section 144 of the Municipal Ordinance in regard to repair and maintenance to buildings in the rural area.

For some time past, the Board has experienced difficulty as to major and minor repairs. It was decided that minor repairs would not necessitate the submission of a plan and, incidentally, it would not be necessary to apply for a permit to execute such minor repairs.

Dr. Blakemore, Health Officer, Rural, contended that, when repairs were executed without a permit, an owner never stopped at minor repairs and quite often went on to execute major repairs. He further said that it would be anomalous to allow owners to perpetuate the existence of insanitary houses by permitting repairs while demanding that new houses must be sanitary; in fact, to do so would be to place a premium on old houses and to discourage the erection of new houses.

Mr. Reuben said that the question of whether a permit was necessary or not depended on the kind of repair that an owner or occupier wished to execute.

The Board had no legal right to impose restrictions, Mr. Reuben pointed out, on purely aesthetic or moral grounds, and the Board's right was defined by section 144 of the Municipal Ordinance and its other sections and buildings by laws.

The matter was referred for legal opinion.

The Chairman, Mr. L. Forbes, at yesterday's meeting, said that the crown counsel agreed with the interpretation of the law as contained in Mr. Reuben's memorandum and added that he hoped that this would simplify matters to some extent in the future where plans and permits were concerned.

ITALIAN WORKERS FOR GERMANY

LONDON, Feb. 24 (Reuter).—Two hundred thousand Italian workers will arrive in Germany during the next few days, announced the German radio last night.

This news was preceded by the announcement of the arrival in Berlin of Capoferrri, Chief of the Fascist Labour Confederation.

The radio gave no indication of the nature of the work which the Italian visitors will do in Germany.

SIMPLIFIED TOMMY-GUN

The submachine-gun never got a real hold in World War I, soon afterward began to figure more in gang news than in Army talk. Of 15,000 Thompsons ("Tommys") manufactured by Colt in 1921, nearly 5,000 were still unsold 18 years later. But World War II revised military opinion: the light, easily handled submachine-gun (spitting a stream of 45 calibre bullets 300-400 yards, battle sight—i.e. point-blank range) turned out to be a potent weapon in shock tactics. Recently Great Britain was reported eager to buy 250,000 to 500,000 from the U.S.—if they could be made fast enough.

200 SHOTS A MINUTE
Last week a new submachine-gun that looked like the answer to the speed problem began coming in quantity from the Harrington & Richardson Arms Co. The new gun weighs only six-and-a-half pounds (to the Tommy's ten), fires 200 shots a minute. Its biggest feature: it has only three moving parts, is designed to be mass-produced at about \$50 (Tommys cost \$200-225). None of the parts requires special machinery, even the bolts could be made in carload lots by any first-class machine shop. Blurred an Army sergeant who fired the gun, "Good God, it's so simple I could manufacture it myself." Harrington & Richardson bragged that it would produce 500 a day by next month, 1,000 a day by April. The U.S. Army made no commitments, but Army Ordnance predicted that the new gun "will play no small part in military events of the future."

NEW INDIAN BANK

The Singapore Branch of the Indian Overseas Bank Ltd., was opened recently by Mr. C. S. Venkatachari, retiring Agent of the Government of India in Malaya.

The function was attended by a large gathering of all communities.

The Indian Agent, in declaring the building open, said that the bank would be of immense value to the Indian community, and filled a much felt want.

Mr. S. Navasimhan, Agent of the new bank, thanked the Indian Agent and all those who had attended the function. He reminded them that the bank had been opened at their invitation.

NECESSITY STRESSED

"The Indian Chamber of Commerce and other important allied institutions have time and again expressed, in their annual reports, the necessity for an Indian Bank at Singapore."

"The Indian Overseas Bank, Ltd.," he continued, "has a rare character of its own. It has developed a unique personality which is typical of the Indian tradition and Indian banking methods."

"It is a rare combination of the efficiency of the modern banking system with the economy of the Indian indigenous banking system."

He said that there were branches throughout India, Burma and Malaya.

Return Of The Sea-Devil? Old Sea-Raider Active In Pacific

Graphic stories of the rescue of survivors of the ships which were recently sunk by German armed raiders in the Pacific have now come to light. The following is an account of the rescue of 500 survivors who were marooned on Emirau Island.

In their excitement, the men in the little motorboat could hardly tumble out a coherent story to the port authorities at Kavieng, New Guinea. They had crossed the 85 miles from Emirau Island, they said, to get help for some 500 prisoners of war, marooned there by German sea raiders.

Help was needed quickly. Some of the castaways were badly torn by shrapnel and splinters. Seventy women and children were nearly exhausted. All of them were dirt-encrusted, hollow-eyed, half-starved.

By the time a rescue ship had picked up the tired, haggard little colony, taken them safely on to Australia, the garbled accounts had begun to make sense. They traced the voracious course of an armed Nazi merchantman with its prison and supply ships, the *Maru* and the *Tokyo Maru*, which had been shooting up Pacific shipping lanes for weeks, bagging at least ten New Zealand British, French and Norwegian vessels.

OLD RAIDER
Though none of the prisoners could identify the captors, survivors of an Indian Ocean sinking who reached Hongkong reported that the biggest troublemaker in the Pacific was the onetime British-owned *Glengarry*, a 7,100-ton merchantman captured by the Germans at Copenhagen and fitted out as an auxiliary cruiser. Its skipper, Count Felix von Luckner, who hoodwinked the British for eight months in World War I, while his *Seeadler* ran up a score of 15 ships in the Atlantic and Pacific, who boasted his exploits had never cost a life.

The old sea raider had prepared himself well for his World War II job. In 1930 he took about the Caribbean for two months with a crew of 46 U.S. youngsters, to teach them "a love of the sea." By 1937 he was back in his World War I hunting grounds on a two-year round-the-world junket.

COUNT VON LUCKNER

With his sailing yacht *Seetee* he slipped through Australian waters, taking soundings, making a picture record of his trip with the help of a Nazi Government photographer. A New Zealander who accompanied him from Auckland to Sydney discovered the *Seetee*, buttressed with steel braces, stocked with arms and

munitions. By the time war broke out the Count had even mapped and charted possible bases in the Marquesas and Society Islands.

WAR ECONOMICS:

BRITAIN'S FOOD POSITION: NEED FOR MORE SHIPS TO BRING SUPPLIES

"Most people overseas do not quite understand what is happening here in England," said MR. DONALD TYMANN, a well-known economist, when he broadcast from London yesterday on Britain's food position. "I have friends in North America and Canada who will keep on trying to send me food by post. I suppose they think we are starving here."

"It is very kind of them, of course, but we are not starving. We are eating better than we did in the depression years and I am sure that this is still the case now. Mind you, we cannot pick and choose as we did and we have to take what we get, but we are never anything like short of most of the things we want."

CHANGED HABITS

Mr. Tymann then referred to the rationed foods in Britain and stated that butter rations had been increased from 2 oz. to 4 oz. a week. People could still have only 8 oz. of fat, but half of that was now in butter. There was a shortage of certain foodstuffs, but not a shortage for food as a whole.

The whole question was a matter rather of changed eating habits, said the speaker, and went on to say how he had explained the subject to a man whom he met on a bus and who was apparently very worried about the fact that though sinking of British ships were continuing to be lower, Lord Woolton, the Minister for Food, had expressed himself as being deeply concerned about supplies of eggs, bacon and meat.

DEMAND FOR SHIPS

"I tried to tell him," went on Mr. Tymann, "that we had not reached the position where we depended on Herr Hitler for what we were able to get, but that what we can import depended on the number and size of the ships we have to bring it in. The sinkings were important, but the real point now is not so much the supply of ships, but the demand for ships."

Mr. Tymann explained the matter further by stating that the ships they had were now being used to take troops and equipment and supplies to battlefields throughout Egypt, Greece, Libya and Malaya.

"We are taking the initiative in the Mediterranean," continued Mr. Tymann, "and we are taking every precaution further east, and all this needs ships. And even that is not the end of it. The places where preparedness is wanted most of all is here at home. It is here that Herr Hitler has to strike and strike successfully if he is to get away with it."

"WE HAVE TO WIN"

"With what our factories here can turn out and with our fighting men we can hold out, but we have to get more and more ships to get our defence ready. We

have to win and to do that we can depend on ourselves. We do not want any more men—our own will be enough—but we cannot rely on only what our factories turn out and we have to get more from North America."

"As I told my neighbour in the bus, this is what we want more ships for—most of all to bring in American help. It is not a question of our needing more ships because of the sinkings, but the question of having enough ships left after putting them to other uses."

"The question is a question of delay—not a question of lost ship, but a question of lost time. For instance, convoys have to move slowly, ports are full and it takes a great deal of time to load and unload ships these days. It is, therefore, perfectly clear why we have less ships and space in which to bring in our food supplies."

THE REAL ANSWER

"This may not give an explanation to the question as yet," continued Mr. Tymann. "Why, for instance, have we got bread, but not enough eggs, bacon and meat and, just now, onions? The real answer to this is to be found on land and not in the sea."

Mr. Tymann declared that when Herr Hitler's armies overran Europe, it was Britain's larder that he took. One-fifth of Britain's import of eggs came from Holland and onions too. In peacetime, Britain imported nine-tenths of her butter, margarine, etc., from Denmark and half of her bacon too. When Herr Hitler walked into Western Europe, he took Britain's eggs, bacon and cheese, he took French and Dutch onions—for Britain had relied on Western Europe, mainly on Holland, for vegetables.

WAR ECONOMICS

"For the time being," continued Mr. Tymann, "we were left rather short, but we did not lose anything for good. What we cannot turn out here we get from overseas—bacon from Canada, butter from Australia and New Zealand."

"But this is not easy and to increase all these countries have to increase their production. At the present time some of the dominions produce more things than we can bring in because our ships are wanted elsewhere."

"I don't deny that there are shortages, but these shortages are short not so much to enemy action by sea or in the air as to war economics. We cannot afford the use of ships for imports and we can do with more ships. More sinkings in the spring, therefore, would make us think very hard, but just now we are going without certain things."
